

TWIN VALLEYS PUBLIC POWER DISTRICT

PO Box 160
Cambridge, Nebraska 69022

RATE SCHEDULE AH

Subject: Single Phase Service with Electric Heat

Page: 1 of 2

Effective: 02/01/2021

Attest:

Brent Ballou

I. AVAILABILITY:

This rate is for total electric residential, commercial and/or industrial consumers (except irrigation) requiring single phase service with peak demands of 100 kW or less, subject to the District's Service Rules and Regulations. "Total Electric" shall mean those services where electricity is the only energy used for space heating, domestic water heating, power, and lighting. All electric heating equipment must be permanently installed.

All residences must *have* "Total Electric" space and water heating to qualify for this rate. For nonresidential services, the space heat must be sufficient to heat all buildings at a calculated rate of at least six (6) watts per square foot, all space heat must be electric, and the space heating requirement must be at least fifty percent (50%) of the connected load. In addition, every space that is electrically air-conditioned must be electrically heated.

Fireplaces, wood burning stoves, gas used for cooking purposes and direct solar heating systems will be allowed with electric heating. Electric water heaters must be 6,000 watts or less.

II. TYPE OF SERVICE:

Single phase, 60 hertz, at available secondary voltages.

III. RATE:

Customer Charge: \$28.00 per month

Energy Charge:

Summer Season (June thru September)

All kWh per month 10.00 cents per kWh

Winter Season (October thru May)

Residence Only – Service with only a residence and garage (may be detached)

First 750 kWh per month 8.80 cents per kWh

All kWh over 750 per month 6.40 cents per kWh

Other – Service with commercial application or additional farming facilities

First 1,350 kWh per month 8.80 cents per kWh

All kWh over 1,350 per month 6.40 cents per kWh

RATE SCHEDULE AH	
Subject: Single Phase Service with Electric Heat	Page: 2 of 2

The monthly minimum charge for this service type shall be the Customer Charge.

IV. TERMS OF PAYMENT:

Bills are due and payable upon receipt and delinquent at the end of the month received, or as specified on the bill.

V. POWER COST ADJUSTMENT:

The energy charge provided herein may be adjusted in direct proportion to the production cost adjustment applied to wholesale power purchases, increased by the District's percent system loss the previous calendar year.

VI. POWER FACTOR ADJUSTMENT:

If the consumer's power factor at the time of the maximum demand is less than ninety percent (90%) lagging or leading, the District may adjust such demand to ninety percent (90%) of maximum kVA.

VII. TAX CLAUSE:

The rate provided herein will be adjusted to reflect the amount of taxes, license fees, franchise fees and/or any statutory payments required by law.

VIII. SUPERSEDES:

This rate schedule supersedes and cancels all rate schedules with which it may be in conflict.
